**Re: Construction of New Sanctuary**

**Dear Mr. Palmer,**

**When our committee selected the Palmer Construction Company from the list of bidders to be the contractor for the construction of our new sanctuary, we felt that we were in good hands. This turned out to be a very wise decision. From the day of contract signing to the very conclusion of the project, we found the entire staff, supervision and labor to be outstanding and extremely cooperative.**

**Mr. Keith Sanford, project superintendent, provided excellent management throughout the entire project. Keith was obviously very knowledgeable, courteous, and professional. Mr. Jim Kellor, site superintendent, kept us very well informed as to the progress of the various phases of the project as they were taking place. His job experience and supervision of his crew as well as the various sub-contractors provided constant reassurance to all of our committee that we were, in fact, in good hands.**

**Furthermore, Mr. Palmer, your item by item evaluation of our plans, resulted in budget saving recommendations which ultimately saved**

us several thousand dollars. For this as well as the over all performance of your company, we thank you and all of your people who worked so diligently on our behalf. The honesty, integrity and professional service of the Riley Palmer Construction Company was and is greatly appreciated.

Finally, without hesitation, we, the Cody Pentecostal Holiness Church, would heartily recommend the Riley Palmer Construction Company for any project they are contemplating. Please feel free to release this letter, and we would welcome any personal contact for verbal reference.

Thank you Riley, Keith, and Jim for helping us realize our dream and helping us fulfill our vision. May God bless your company and each of you and your families with health, happiness and prosperity is our prayer.

Respectfully Submitted,

*Pastor Phillip L. Cook*
