Dear Sutton,

Just a note to thank you again for the superb landscaping presentation on GIBB Oakridge Village that you and Tammi shared with Donna and me on Thursday. We were both immensely impressed with the presentation and deeply appreciative of all the thought and hard work that went into it.

The plan that you all proposed and presented is awesome. It is obvious that much thought went into its development in terms of aesthetic appeal, cost, coordinated and sequential development, and potential resources. The insight and sensitivity to the limitations of a non-profit organization such as Goodwill Incorporated in the plan will, I believe, make a very difficult task (for us) readily achievable.

Please convey to Riley, and to all who were involved in the development of this presentation, my personal appreciation and the appreciation of Goodwill Industries-Big Bend, Inc.

With kindest regards,

W. Calvin Melton, Ph.D.
