Hi Rodney,

We think of you often and remind ourselves to write this email....so now I'm doing it. After living in our addition for 10 these several months we just have to tell you how much we love it. The bedroom is our oasis, the bathroom is beyond beautiful and the closet is perfect. Can we say any more??

When friends come to visit, we are sure to compliment all the folks who worked on it, especially Keith and Frank. Please pass along our warmest wishes and thanks to all who had anything to do with the addition. And especially tell Jimmy how much we enjoy the porch. Our grandchildren love to play out there. You guys are the very best. I never met Riley Palmer, but he sure knows how to employ the right people for the job.

Hope this finds you well. Tom and I just wanted you to know much we appreciate all of you. Thanks so much.
Mary Ann Vickers (and Tom)
